

Wire Strippers

Wire Stripper No. 7 Magic

WEICON Wire Strippers enable the fast, easy and even stripping of stranded and solid conductors. The wire stripper feature an ergonomic shape as well as an automatic scanning system, which identifies the cable diameter. This prevents damaging the inner conductor. The product family of wire strippers comprises several types, which are suitable for different applications and tailored to the users' individual needs. The wire strippers are used in skilled trades as well as in industrial applications, and they are also suitable for use in the domestic sector.

WEICON Wire Stripper No .7 Magic is a robust, ergonomic automatic wire stripper. The automatic scanning system is adjustable to different cable types and diameters with another 5-fold fine adjustment. The fibreglass-reinforced wire stripper has visual length scale from 8 - 24mm. This way, all flexible stranded cables from 0.5mm² - 16mm² and solid round cables from 0.5mm² - 10mm² are efficiently and evenly stripped. The stripper is also suitable for 2-core PVC
